A Worldwide Supplier of Construction Seal and Gasket Material

The Williams Product line, Everlastic®, covers a wide variety of "Job Tested" products specifically designed and manufactured to fulfill a required function. They are widely specified by the Architect/Engineer and used by the concerned contractor. Williams Products are listed in Sweets catalogue under 03250/WIP and 07920/WIP., and with the Construction Specification Institute.

Comprehensive stocks of all items are carried at all times - assuring you, in most cases, shipment within 24 hours of the receipt of an order.

This online catalogue offers technical information for our products and addresses applications based on the needs of the architect. Please feel free to contact us for any additional information you may need, catalogues, copies of technical data or material samples.
